Minimum grade requirements to access the M.Sc. Degree in Software: Science and Technology

GENERAL REQUIREMENTS

If your transcript does not state your GPA/WEIGHTED AVERAGE SCORE, it is required you obtain a document issued and stamped by your university showing your GPA/WEIGHTED AVERAGE SCORE and its official translation.

The requirements (minimum GPA included) are strict, and no exceptions will be considered.

For countries without a specific minimum GPA threshold, the grade corresponding to the 75% of the maximum score for the submitted bachelor's degree (or equivalent qualification) will be applied as the minimum GPA required for the application.

COUNTRY-SPECIFIC REQUIREMENTS

AFGHANISTAN
Minimum GPA required for the application is 3 out of 4 or equivalent.
